MAYOR CHRIS BEUTLER

CHIEF TOM CASADY

Mayor Beutler,
City Council members,
Fellow citizens:

I am pleased to submit the Annual Report of the Lincoln Police Department for 2007. This Annual Report contains a record of the major events and accomplishments of the year, as well as the data and information that document our work. It is a longstanding tradition and has been produced in a remarkably similar format for the past 65 years, providing a valuable historical and statistical reference.

This year we faced the second consecutive year of very tight budgets for the City of Lincoln. Despite this, our personnel continued to deliver on our core mission: providing the quality police services that promote a safe and secure community. For the sixth consecutive year, the overall crime rate fell in Lincoln. The quality of services provided by our officers is evident in the over 90% satisfaction rating we received in our on-going Quality Service Audit from citizens who had recently received police services.

In a time of declining budgets, City government faces many challenges in providing the municipal services our residents depend upon. Challenge, however, is something this department constantly confronts and overcomes. This was evident in 2007; another very productive year punctuated by major events, cleared cases, and unparalleled efficiency by an undersized police force that rises to the task. I am immensely proud to serve with the women and men of this department.

On November 30, our executive secretary, Virginia Fischer, retired after 42 years of service spanning nine mayoral administrations and five police chiefs. Virginia exemplifies the spirit of the Lincoln Police Department, and is simply the finest colleague I have had the honor of working with. I am sure that all members of the department will join me in dedicating the 2007 Annual Report to her, and to all our valued retirees.

Sincerely,

A handwritten signature in black ink, appearing to read "Thomas K. Casady". The signature is written in a cursive, flowing style with a prominent flourish at the end.

Thomas K. Casady
Chief of Police

MAY

Each year, Southeast Team police officers work hundreds of residential burglaries resulting in hundreds of thousands of dollars in loss to the victims. In many of these cases, the perpetrators didn't have to work to enter these homes, they simply walked in through an open garage door. About 25% of all residential burglaries involve an open garage door, a crime of opportunity that increases exponentially with good weather. Leaving your garage door open is an easy invitation for thieves to take golf clubs, bicycles, tools, the beer in the spare refrigerator, or the family van.

With that in mind, late shift Officers Keith White, Paul Aksamit, Tony Ortiz, John Hudec, Tim Abele, Eric Runge, Chad Hein, Alan Grell, and Jesse Hilger, led by Sergeant John Walsh developed a project to reduce the opportunity for this crime. The project is simple: during uncommitted time officers drive through the neighborhoods looking for open garage doors, when they find one they knock on the door, wake up the owner and educate them about the dangers of leaving the garage door open overnight. It's a great project that has a lasting effect, because when a police officer is talking to you on your front stoop at 3:00 a.m., it will cause you to double check your garage door before bedtime for the rest of your life.

L O C A T I O N S O F F I C E R S M A D E C O N T A C T

During Spring 2007, within a month and a half, these officers knocked on 101 doors in the Southeast Team area and the results speak for themselves. Open garage burglaries were down this year: from 80 at that point in 2006, to 54 in 2007. That is a one third reduction. This is an outstanding example of Southeast Team Officers seeing a problem and taking the initiative to educate the community and prevent these crimes from occurring.

The collection of forensic evidence in major case investigations presents some unique challenges for the department. Shrinking budgets and staffing issues make a full-time Crime Scene Unit prohibitive. LPD has partnered with other area agencies, including the Lancaster County Sheriff's office, the Nebraska State Patrol, and University of Nebraska-Lincoln Police to create a Crime Scene Investigation Unit to fulfill this need.

This unit trains once a month and all Crime Scene Investigators must pass a certification test. Members of the unit are called in when major case crime scenes need to be processed. The unit is staffed with a number of subject matter experts and is trained on everything from blood spatter to trace evidence collection. These officers and sergeants provide a level of expertise that meets and often surpasses the high standards required by modern criminal prosecutions.

The Crime Scene Investigation Unit, supervised by Sergeant Larry Barksdale, processed numerous crime scenes including homicides, robberies, suicides, officer involved shootings, and sexual assaults in the last year. All of its members are assigned to other full-time positions but they come together for training and call-outs periodically, sort of like a crime scene S.W.A.T. team.

QUALITY SERVICE AUDIT

Since 1993, the Lincoln Police Department has been participating in a survey to gauge citizen satisfaction with the delivery of police services. The Quality Service Audit was developed in conjunction with Gallup, Inc. and it continues to be a valuable tool for both officers and administrators. Officers hired after 1991 are designated as participants in the survey and receive feedback from citizens on their performance. The QSA is a telephone survey which is conducted by student interns and recruit officers. Contact is made with citizens who have had a recent police contact, whether they are a crime victim or the recipient of a traffic ticket. A sample of survey questions and the responses are listed below from the 3,044 surveys which were administered in 2007.

CAPTAIN ROBERT KAWAMOTO

Two thousand seven proved to be a very successful year for the Center Team. We faced many significant challenges managing staffing needs and other resources, and yet the Center Team showed a reduction in overall Part I crimes and an increase in the clearance rate. This type of effort is largely due to the professionalism and dedication of Center Team officers.

The Lincoln downtown area is host to many large events, including but not limited to Cornhusker football games, concerts, the Haymarket Farmer's Market, Jazz in June, Ribfest, the StarCity Parade, and many others. These events bring large numbers of people and associated traffic to the downtown area. An emphasis has been placed on managing large events and managing City resources in a cost effective manner. Center Team was very successful in meeting that goal.

This year also saw an increased emphasis on the enforcement of liquor laws in the downtown area. These efforts help the downtown liquor establishments exist alongside a large population of students from the University and a growing population of people residing in the downtown. Overall, Lincoln is a safe and peaceful place to live. Acting in cooperation with several Lincoln community entities, we are working to keep it that way on the Center Team.

Located at the corner of 27th and Holdrege, the Center Team station sits squarely in the middle of the Clinton, Hartley, and Malone neighborhoods and the North 27th Street Business District. Having responsibility for these neighborhoods, in addition to the downtown area is our privilege and our challenge. Center Team is truly the "heart" of Lincoln.

NORTHEAST TEAM

January 2008 marked the one year anniversary to the opening of the new Northeast Team Station at 4843 Huntington Avenue. Over and above the police work, this past year was spent adjusting to our new surroundings and “working out the bugs” always associated with a physical move and change of facilities. To establish, normalize and maintain ongoing police operations from the new location was a major goal this year. I am happy to report success.

CAPTAIN DOUG SRB

The central location, coupled with the convenience of the new stand alone police station has reaped benefits for the citizens of Northeast Lincoln and the City as a whole. We feel we are positioned well to serve Northeast Lincoln in the new building. Our efficiency seems to have been enhanced dramatically since the move from downtown. This efficiency is the most pronounced at shift change. We no longer need to travel the miles back and forth to police headquarters, which saves time and resources. Most notably, the Northeast Police Team consumed nearly 6,000 gallons less gasoline during the past year. This savings was directly related to the advantages of the new location and doesn't take into account the additional savings in vehicle mileage.

Our success this past year was not limited to a new location and efficiency. The Northeast Team established a 33.95% clearance rate for Part I crimes during the 2007 fiscal year. The Part I designation includes the most serious crimes we investigate. This speaks well of the quality of police work on the team which is gratifying considering the projected goal of a 25% clearance rate at the beginning of the year. Traffic accidents decreased slightly this past year, while narcotics arrests on the Team increased approaching 30% over our projected enforcement levels.

All of the accomplishments this past year occurred during a period of staffing challenges which saw greater demands on our available time. I'm happy to say that, in spite of the difficulties, success was achieved and progress made.

NORTHWEST TEAM

CAPTAIN GENELLE MOORE

The Northwest Team was presented with a variety of neighborhood challenges in 2007. Due to the diverse make up found in the Northwest Team’s neighborhoods, our officers confronted many police related issues by tailoring their approach in developing specific Community Based Problem Oriented Projects to a particular neighborhood. The North Bottoms Neighborhood is a mix of owner occupied residences and rental properties, many occupied by university students. The team officers addressed police issues stemming from parking violations and speeders. As a result of the Nebraska Football Game Day the neighborhood experienced violations of parking, public consumption, minor in possession, and wild parties. To impact these issues a POP Project was coordinated resulting in officers writing 44 parking citations, 13 vehicles were towed, 5 MIP arrests and 33 cited for Public Consumption.

With the annexation of the State Fair Grounds the team was presented with issues specific to the parking areas which surround the Devaney Center and the Ice Box Facility. Many of the Larceny from Auto incidents were occurring during night events at the facilities. To affect a reduction in larcenies officers covertly patrolled the parking area gathering intelligence on vehicles that seemed to be lingering in the lots. Through follow up investigation on the intelligence obtained suspects were developed and later arrested for a number of offenses.

In addition to the neighborhoods and business areas, the Northwest Team has a substantial community at Northstar High School. Officer Vicki Bourg, the School Resource Officer for Northstar manages the daily needs of approximately 1200-1300 students. Officer Bourg not only serves as the police officer for Northstar, she’s also part of the school leadership team that’s charged with improving the effectiveness of the Positive Behavior Support Plan.

During the weekend of June 22-24, 2007 the State Fairgrounds was the hosting venue for the Power-up Bike Rally, featuring the Teutal Family from the Orange County Chopper television show. Officers provided security and crowd control through out the weekend. The LPD Traffic Unit also led a celebrity motorcycle ride to Malcolm and back.

Throughout the year Southeast Team officers look for opportunities to problem solve with the community on various issues. During the course of these contacts we hope to educate the public on how to prevent or reduce crime. The following are a few examples of community policing Southeast Team style:

CAPTAIN KIM KOLUCH

In 2006, Southeast Team officers responded to 403 loud party calls. These types of complaints are not only disruptive to a neighborhood when they are occurring, but if left unabated can lead to decline in property values and in some cases can become a blighting influence. Sergeants John Walsh and Tom Ward kicked off a year long project in January of 2006 to see if they could reduce the number of loud party calls on the Southeast Team. These sergeants knew that by an overwhelming majority these calls occur in rental properties and felt that if they could engage and educate the property owners, they could have an impact. In 2007, each time a citation was issued as the result of a loud party a letter was generated to the landlord, which informed them of the violation at their property, and asked for their cooperation to prevent future calls. During the year long project, 42 letters were sent resulting in 94 fewer loud party calls in 2007.

In May, Officers Josh White and Tim Abele teamed up to promote bicycle safety and security tips for children at the Children's Zoo annual "Safety Day". These officers collaborated with Blues Bike & Fitness and the Lincoln Police Union Charities to purchase 50 bike locks to give to children during the event. In addition to educating kids about bike safety and theft prevention, these officers took the opportunity to talk to the kids about summer safety.

In the fall of this year, the Southeast Team investigated a series of apartment complex burglaries with a common thread; entry into the apartments was made by prying open the sliding patio doors. In an effort to impact these offenses Officers Joe Yindrick, Matt Tangen and Spencer Behrens developed a project focused on education and prevention. They contacted managers at 22 large apartment complexes, to make sure they were aware of the pattern. They handed out over 100 informational fliers for posting at entryways and communal mailboxes. Some complexes publish tenant newsletters, and included this information in the next issue. The information provided included the advice of a bar in the door track-- something several complexes make available for their residents. The Southeast Team also beefed up patrol time in these complexes, as workload allowed. In addition, the information was shared with news media, and several stories highlighting prevention resulted. In the six weeks prior to the project, 24 of these burglaries occurred. In the six weeks after, there were 8. On Matt, Spencer, and Joe's beat, where they did the door-to-door work, these burglaries fell from 9 to 2. The results are impressive.

The officers of the Southeast Team look forward to another year of serving its citizens through joint problem solving and collaboration. If you have questions or concerns about your neighborhood please contact Captain Kim Koluch at 441-7755.

CAPTAIN MICHAEL WOOLMAN

The Southwest Team experienced a change in leadership in 2007. Captain Bob Wilhelm retired from the department after 32 years of service and Captain Mike Woolman was assigned as his replacement in June of 2007. Captain Wilhelm was very respected by members of the department and community and will be greatly missed.

The Southwest Team became the second team to transition to twelve hour shifts. Many officers prefer working a twelve hour shift and recommended that the team continue to operate on a 12 hour schedule throughout 2008.

The Southwest Team continues to be the busiest and most active team in the city with neighborhood problems ranging from prostitution, narcotics and sex crimes to robberies, assaults, and wild parties.

The Southwest Team continues to focus on the neighborhood improvement projects by working closely with members of the community. Our primary objective is to provide quality services to the community by building strong relationships with the community members. We also continue to work closely with our neighborhood associations to deal with their specific neighborhood problems.

Officers on the Southwest Team were involved in numerous projects to impact crime. Sergeant Bassett, Officer Schreiner and Officer Schultz worked together to impact the prostitution problem that continues in our Everett and Near South Neighborhoods. The Officers made over 30 arrests for prostitution and pandering in 2007. Officers B. Ward and Officer Stumbo were involved in a project to impact sex related crimes in Wilderness Park which resulted in ten arrests. Southwest Night Shift Officers were also very successful in DWI enforcement making 456 arrests in 2007.

The Sergeants, Officers, and the Public Service Officer on the Southwest Team are extremely dedicated and a pleasure to work with. In 2008 the Southwest Team will continue to work with neighborhood groups, other city agencies, landlords, and community activists to impact crime in the Near South and Everett Neighborhoods. We look forward to the challenge and the opportunity to dramatically change the quality of life in these historic and valued neighborhoods.
